

WRITING OUR NEXT CHAPTER TOGETHER

A CAMPAIGN TO SUPPORT
THE FUTURE OF

SAINT LEONARD'S MINISTRIES

AN AMBITIOUS UNDERTAKING

Saint Leonard's Ministries is a consistent, responsive beacon of hope and support for formerly incarcerated individuals. However, our aging facilities and programming resources curb our growth and impede our ability to provide a stable environment for our Community.

Over the next three years, Saint Leonard's will increase our capacity through capital and programmatic initiatives;

- **Renovating** the Saint Leonard's Warren Campus and Grace House facilities
- **Enhancing** our individualized workforce, education, and re-entry programs
- **Strengthening** the financial foundation for the future

WHY SAINT LEONARD'S WORKS!

Our program model is successful in addressing the needs of returning residents, resulting in recidivism reduction and dignity increases.

Saint Leonard's values **alumni and peer-led programming**, with approximately 43% of Saint Leonard's staff being program alumni.

All Saint Leonard's residential and workforce development programs are offered at **no cost** to community members

Saint Leonard's integrates with **expert partners**, co-located on campus, to provide holistic and sophisticated wellness care and support.
